EMS COMPLIANCE FY 2024 ANALYSIS FINAL ENFORCEMENT ACTIONS

Pursuant to 25 Texas Administrative Code 1.553(a)(1)(2)

EMS Policy & Procedure Requirements

Emergency Medical Services (EMS) is a crucial factor of the health care system in the State of Texas. EMS professionals can be broadly categorized as Providers and Personnel. EMS Providers maintain EMS vehicles, medical equipment, and EMS personnel to provide emergency medical services. EMS Personnel through EMS Providers unilaterally function to save countless lives each year when they respond to calls for emergency medical needs. The Department of State Health Services (DSHS) Compliance Branch oversees the enforcement of regulatory services pertaining to EMS Personnel, EMS Providers, EMS Education Programs, EMS Continuing Education (CE) Programs, EMS Educators, and First Responder Organizations (FRO) to ensure sustenance of quality services, compliance, safety, and the general well-being of the Texans at large via enforcement, compliance, and accountability to and of all applicable statutes, laws, rules, and regulations.
